5.7	6.3	5.9	6.9	24	33	25	35	15	33	21. West Bengal

Confidence limits of Death Rate and Infant Mortality Rate for smaller States and Union Territories have not been presented due to small sample size and very large variations between the Upper and Lower tolerance limits.

#### **Smaller States**

- 1. Arunachal Pradesh
- 2. Goa
- 3. Himachal Pradesh
- 4. Manipur
- 5. Meghalaya
- 6. Mizoram
- 7. Nagaland
- 8. Sikkim
- 9. Tripura

#### **Union Territories**

- 1. Andaman & Nicobar Islands
- 2. Chandigarh
- 3. Dadra & Nagar Haveli
- 4. Daman & Diu
- 5. Lakshadweep
- 6. Puducherry

### ABOUT THE SAMPLE REGISTRATION SYSTEM (SRS)

The Sample Registration System (SRS) is a large-scale demographic survey for providing reliable annual estimates of Infant mortality rate, birth rate, death rate and other fertility & mortality indicators at the national and sub-national levels. Initiated on a pilot basis by the OFFICE OF THE REGISTRAR GENERAL, INDIA in a few selected states in 1964-65, it became fully operational during 1969-70 with about 3700 sample units. The field investigation consists of continuous enumeration of births and deaths in selected sample units by resident part time enumerators, generally anganwadi workers & teachers, and an independent survey every six months by SRS supervisors. The data obtained by these two independent functionaries are matched. The unmatched and partially matched events are re-verified in the field and thereafter an unduplicated count of births and deaths is obtained. The sample unit in rural areas is a village or a segment of it, if the village population is 2000 or more. In urban areas, the sampling unit is a census enumeration block with population ranging from 750 to 1000. The SRS sample is replaced every ten years based on the latest census frame. The current Sample is based on the 2011 Census frame and is effective from January 2014. This is the first series of the estimate from newly selected samples. At present, SRS is operational in 8853 sample units (4,961 rural and 3,892 urban) spread across all States and Union territories.

Number of sample units and population covered, India, States and Union Territories, 2014

India/States/ Union Territories	Num	ber of sample	units	Populati	on covered (	in'000)
	Total	Rural	Urban	Total	Rural	Urban
